Language skills alone are already an advantage in potential employers' eyes, but Spanish even more so, as it's so widely spoken. Being able to speak Spanish could open up opportunities to work for global export companies. Similarly, in Spain, the manufacturing and textile industries are strong, providing further opportunities.

## SUBJECT ENRICHMENT

### Something to think about...

What is life like for teenagers in Madrid or Mexico? Do I need to have a degree in a language to be able to use it in the future or is A-level sufficient? (Of course it is!)

### Something to listen to...

Listen to a Spanish radio station Cadena Dial (<https://play.cadenadial.com>). This station plays only Spanish music with plenty of current pop songs.

### Something to read...
